

CATALOGUE  
of  
Records held by the  
INTERNATIONAL TRACING SERVICE  
of the  
ALLIED HIGH COMMISSION FOR GERMANY  
at Arolsen

Volume/Band I

17HICOG 1: Bd. 1

## FOREWORD

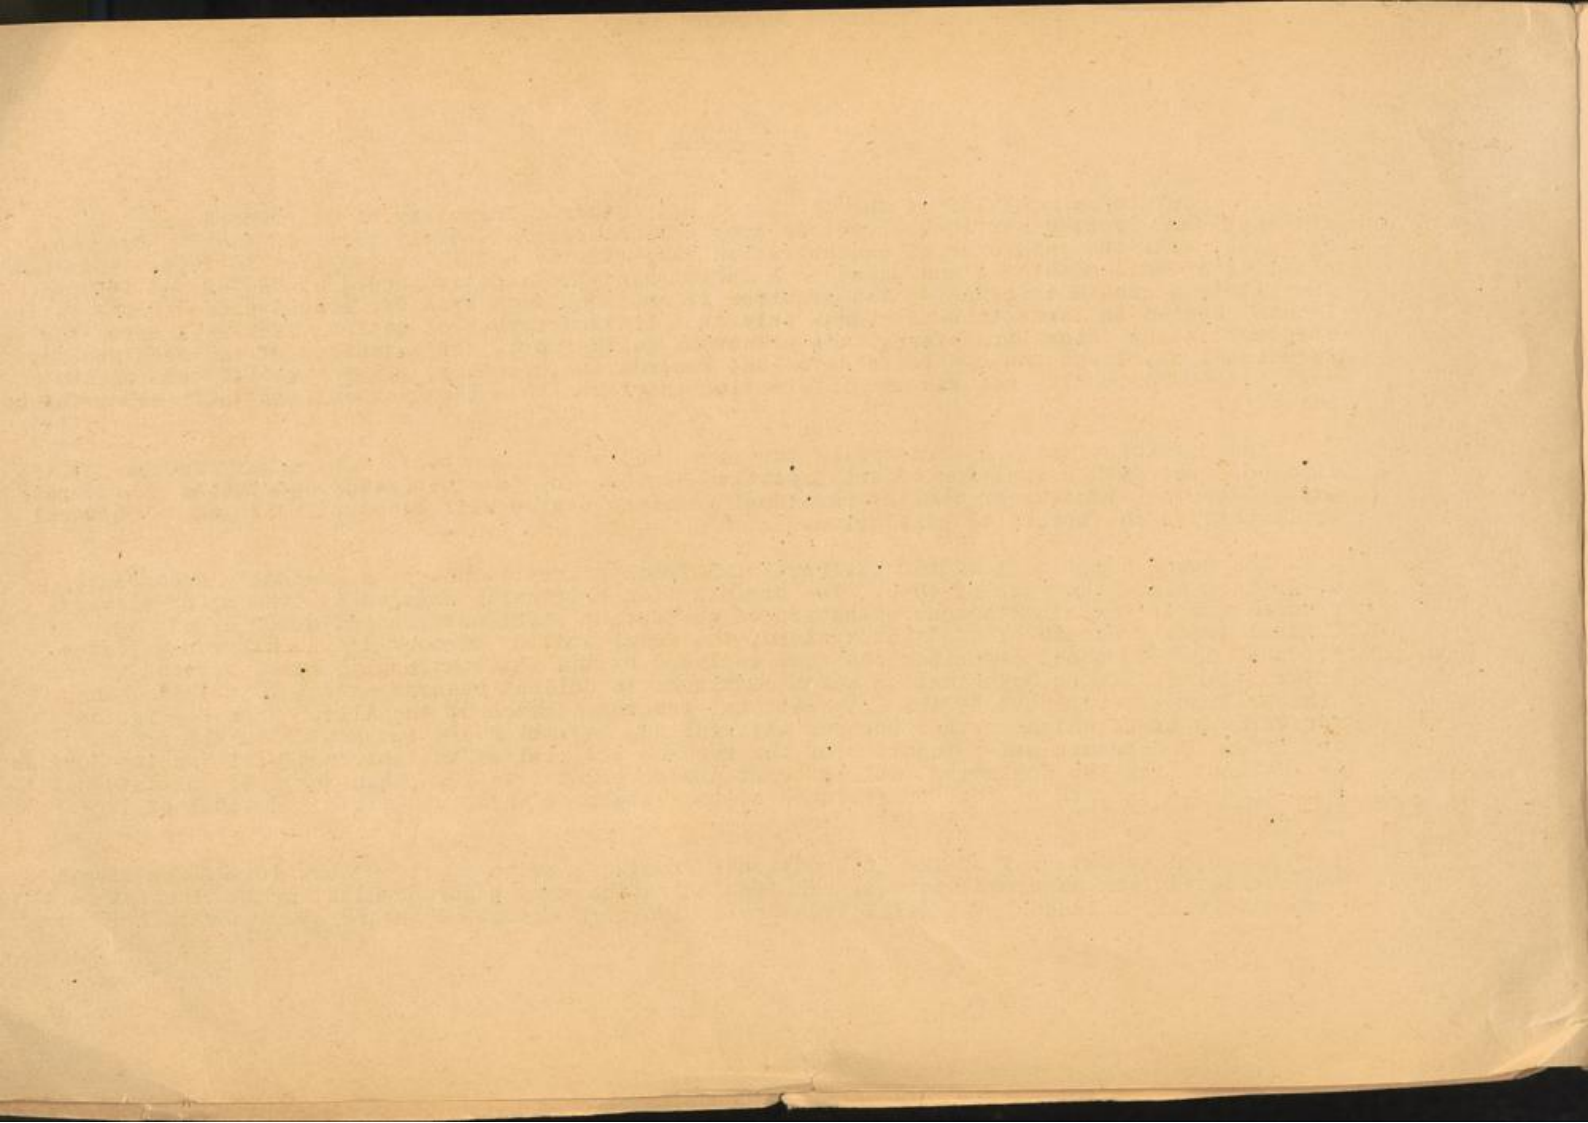

This catalogue constitutes the first and only General Inventory of all records held by the International Tracing Service. Previous compilations covered merely parts of the ITS records material, e.g. the catalogue of concentration camp records of ITS as compiled in 1951. The compilation of this catalogue was based on a decision of the Executive Board at the end of 1952 to facilitate a smooth transfer of the archives if and when such transfer should occur in the future. It was decided to issue this catalogue only in a limited number of copies which will serve the parties involved in any future transfer of the archives, furthermore, the custodian of the archives for occasional checks on the completeness of the records and, finally, all interested governments and agencies using ITS records and information therefrom to a large extent, for their own reference purposes.

The catalogue was compiled during the year 1953 with the cut-off date as of December 31, 1953 in accordance with a decision of the Executive Board. Any possible future additions of records material to the archives of the International Tracing Service will be compiled, in one or several supplements, as the necessity will arise.

The records material of the International Tracing Service has been gradually accumulated at Arolsen since the year of 1946. The organization originally engaged in tracing of missing persons and in the simultaneous operation of collecting pertinent records material was the Central Tracing Bureau of URRA at Arolsen, the zonal tracing bureaux and a children's search bureau. In 1948 these organizations were replaced by the International Tracing Service of the International Refugee Organization which continued to collect records material. In 1951 such organization was replaced by the International Tracing Service of the Allied High Commission for Germany under which further records material was assembled and integrated in the ITS archives. The nature and categories of the records material of the International Tracing Service are evident from the following table of contents on pages I to IV. Such table of contents has been inserted in each of the four volumes of the catalogue which comprises the total of 1464 pages.

The records material of the International Tracing Service, as it appears in this catalogue, was collected from numerous sources. The "Concentration Camp Records" which for the largest part were originally seized by the Allied western armies were assembled in Arolsen after their perusal

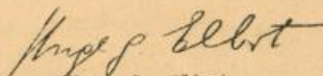

by the International

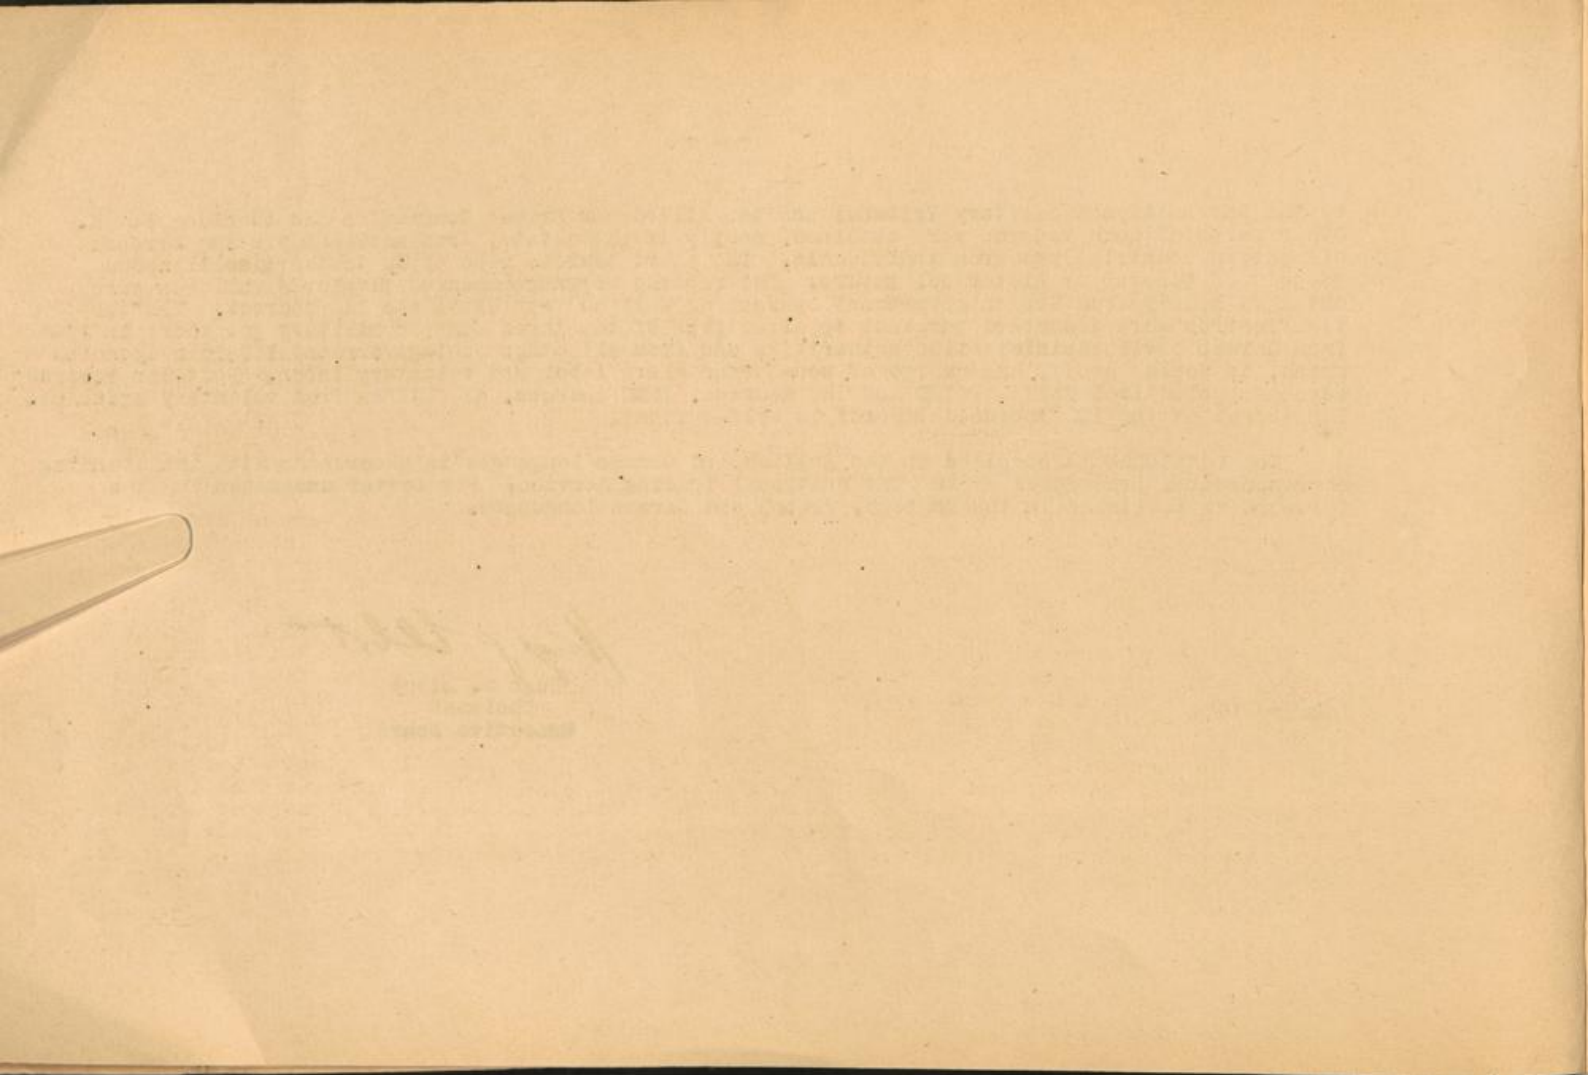

by the International Military Tribunal and the Allied War Crimes Commission had been completed. Other parts of such records were obtained, mostly in photostats, from national tracing bureaux of western countries and from individuals. The above sources also apply to the "Miscellaneous Records of General or Historical Nature." The records on "Unaccompanied displaced children" were obtained mostly from German government sources as well as from UNRRA and IRO sources. The "War-time" Records were assembled pursuant to directives of the three western military governors in 1946 from German civil administration authorities and from all other semi-governmental German agencies which, in World War II, had charge of non-German slave labor and voluntary labor. "Post-war Records" were assembled from UNRRA, PCIRO and IRO sources, ICEM sources, as well as from voluntary agencies. The source of the ITS "Produced Records" is self-evident.

The catalogue is compiled in the English and German languages in accordance with the standing correspondence procedures of the International Tracing Service. For better understanding the foreword is published in the English, French and German languages.

January 1954

Hugh G. Elbot  
Chairman  
Executive Board

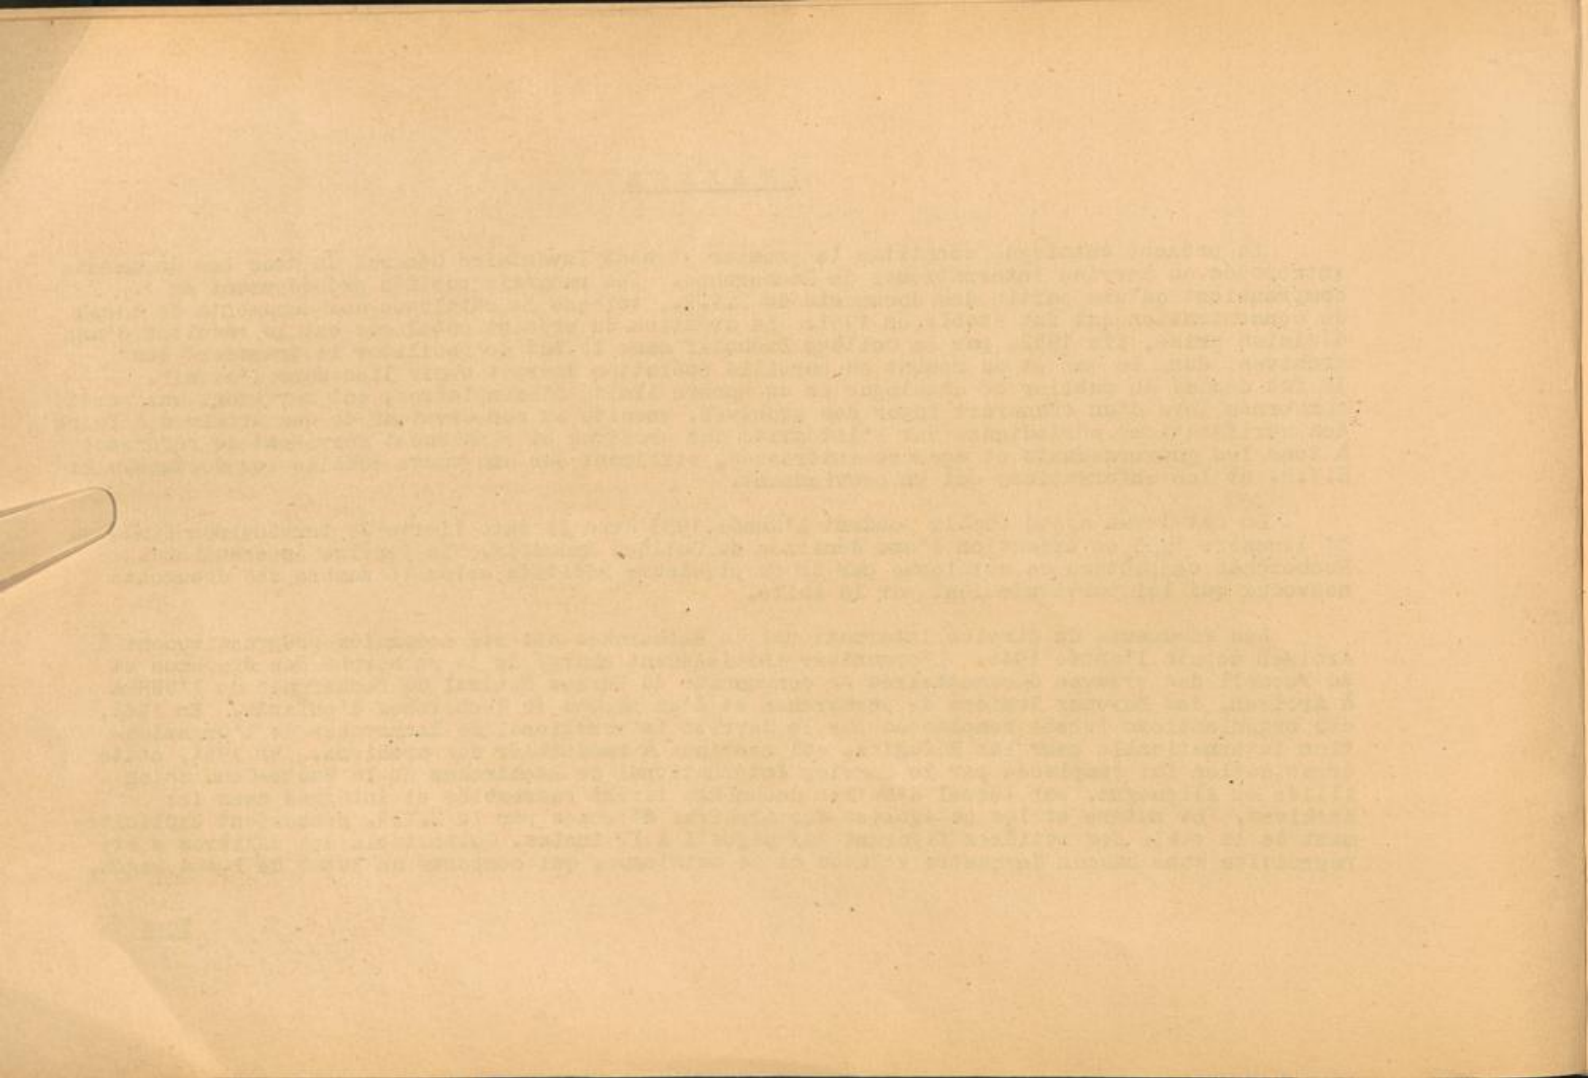

## P R E F A C E

Le présent catalogue constitue le premier et seul Inventaire Général de tous les documents entreposés au Service International de Recherches. Les recueils publiés précédemment ne comprenaient qu'une partie des documents du S.I.R., tel que le catalogue des documents de camps de concentration qui fut établi en 1951. La création du présent catalogue est le résultat d'une décision prise, fin 1952, par le Collège Exécutif dans le but de faciliter le transfert des archives dans le cas et au moment où pareille opération devrait avoir lieu dans l'avenir. Il fut décidé de publier ce catalogue en un nombre limité d'exemplaires, qui serviront aux partis concernés lors d'un transfert futur des archives, ensuite au conservateur de ces archives à faire des vérifications périodiques sur l'intégrité des archives et finalement serviront de référence à tous les gouvernements et agences intéressés, utilisant sur une vaste échelle les documents du S.I.R. et les informations qui en proviennent.

Le catalogue a été établi pendant l'année 1953 avec la date limite de terminaison fixée au 31 décembre 1953 en exécution d'une décision du Collège Exécutif. Le Service International de Recherches complètera ce catalogue par un ou plusieurs additifs selon le nombre des documents nouveaux qui lui parviendraient par la suite.

Les documents du Service International de Recherches ont été accumulés progressivement à Arolsen depuis l'année 1946. L'organisme initialement chargé de la recherche des disparus et du recueil des preuves documentaires se composait: du Bureau Central de Recherches de l'UNRRA à Arolsen, des Bureaux Zoniers de Recherches et d'un Bureau de Recherches d'enfants. En 1948, ces organisations furent remplacées par le Service International de Recherches de l'Organisation Internationale pour les Réfugiés, qui continua à rassembler des archives. En 1951, cette organisation fut remplacée par le Service International de Recherches de la Haute-Commission Alliée en Allemagne, par lequel d'autres documents furent rassemblés et intégrés dans les archives. La nature et les catégories des archives détenues par le S.I.R. ressortent explicitement de la table des matières figurant aux pages I à IV inclus. Cette table des matières a été reproduite dans chacun des quatre volumes de ce catalogue, qui comporte un total de 1.464 pages.

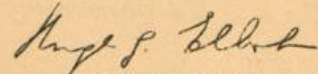

Tous

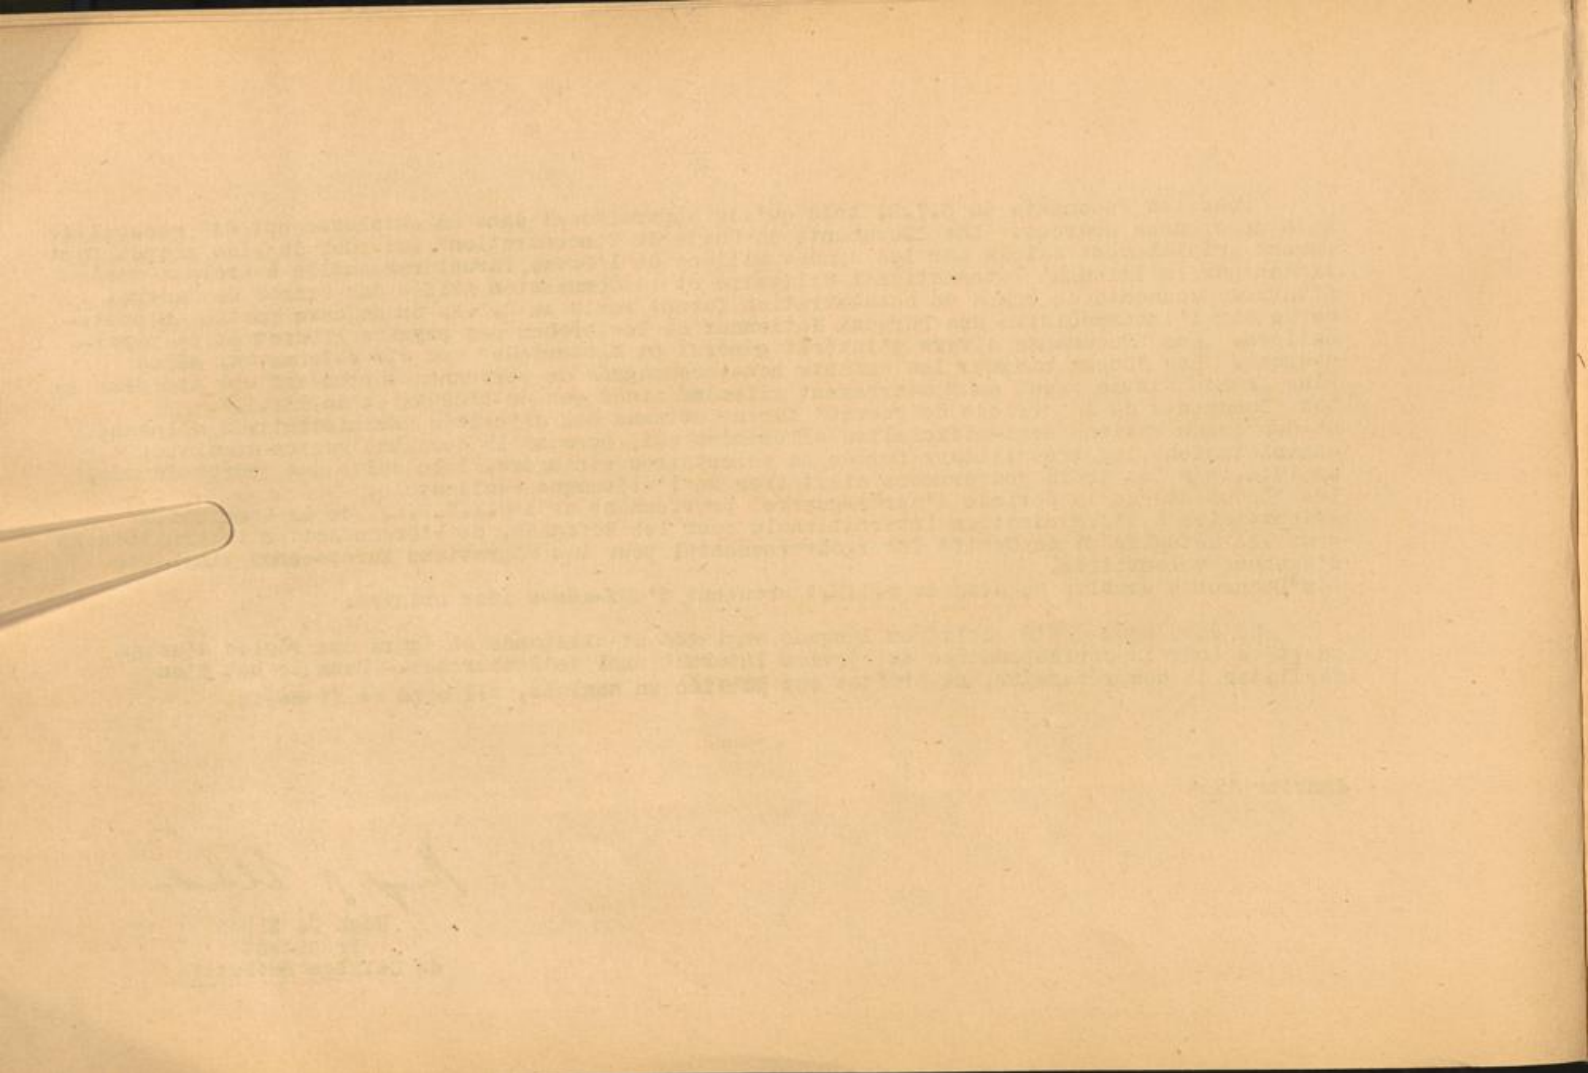

Tous les documents du S.I.R. tels qu'ils apparaissent dans ce catalogue ont été recueillis à de nombreuses sources. Les "Documents de Camps de Concentration" qui pour la plus grande part furent initialement saisis par les armées alliées de l'Ouest, furent rassemblés à Arolsen après examen par le Tribunal International Militaire et la Commission Alliée des Crimes de Guerre. D'autres documents de camps de concentration furent remis au S.I.R. en majeure partie en photocopie par l'intermédiaire des Bureaux Nationaux de Recherches des pays de l'Ouest et de particuliers. Les "Documents divers d'intérêt général ou historique" ont été obtenus aux mêmes sources. Les "Documents pour les enfants non-accompagnés de personnes déplacées" ont été pour la plus grande partie reçus du gouvernement allemand ainsi que de l'UNRRA et de l'O.I.R. Les "Documents de la période de guerre" furent obtenus des autorités administratives allemandes et des organisations semi-officielles allemandes qui, pendant la deuxième guerre mondiale, administraient les travailleurs forcés ou volontaires étrangers, à la suite des ordres donnés, en 1946, par les trois gouverneurs militaires de l'Allemagne occidentale. Les "Documents de la période d'après-guerre" proviennent de l'U.N.R.R.A., de la Commission Préparatoire à l'Organisation Internationale pour les Réfugiés, de l'Organisation Internationale pour les Réfugiés et du Comité Intergouvernemental pour les Migrations Européennes ainsi que d'agences volontaires. Les "Documents établis au sein du S.I.R." prouvent d'eux-mêmes leur origine.

Ce catalogue a été publié en langues anglaise et allemande en égard aux règles d'usage adoptées pour la correspondance du Service International de Recherches. Dans le but d'en faciliter la compréhension, sa préface est publiée en anglais, allemand et français.

Janvier 1954

Hugh G. Elbot  
Président  
du Collège Exécutif

## VORWORT

Dieser Katalog ist das erste und einzige Generalverzeichnis aller Unterlagen, die im Besitz des Internationalen Suchdienstes sind. Frühere Zusammenstellungen enthielten lediglich Teile des ISD Dokumentenmaterials, z.B. der Katalog der Konzentrationslager Unterlagen, der im Jahre 1951 herausgegeben wurde. Die Aufstellung des vorliegenden Kataloges erfolgte aufgrund eines Beschlusses des Vollzugsausschusses Ende des Jahres 1952, um die reibungslose Überführung des Archivs, falls sie in Zukunft erfolgen sollte, zu ermöglichen. Es wurde beschlossen, diesen Katalog nur in begrenzter Anzahl von Exemplaren herauszugeben, die der Abwicklung einer zukünftigen Übergabe der Archive dienen soll. Ferner soll er dem Verwalter der Archive für gelegentliche Überprüfungen auf Vollständigkeit der Unterlagen dienen und soll schliesslich ein Nachschlagewerk für alle interessierten Regierungen und Organisationen, die ISD Unterlagen und Informationen in grösserem Umfange benutzen, sein.

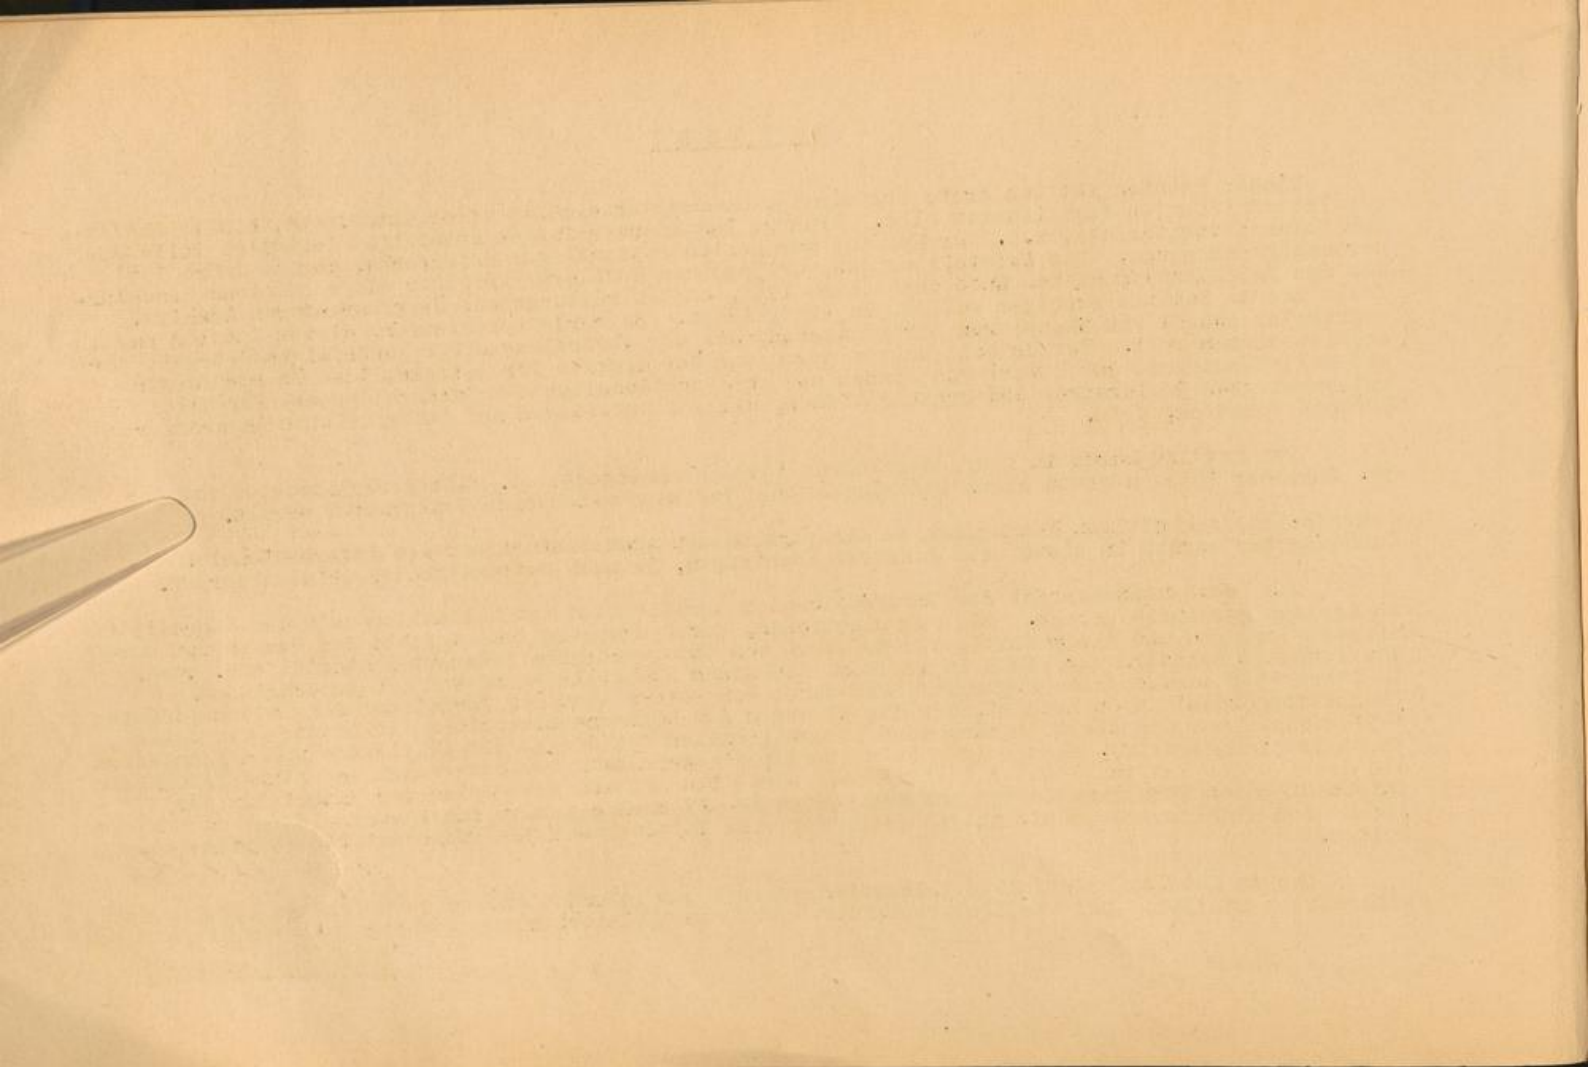

Der Katalog wurde im Laufe des Jahres 1953 zusammengestellt. Als Abschlussdatum ist der 31. Dezember 1953 aufgrund eines Beschlusses des Vollzugsausschusses festgesetzt worden.

Irgendwelche zukünftigen Neuzugänge zu den vorhandenen Archivunterlagen des Internationalen Suchdienstes werden in einem oder mehreren Nachträgen, je nach Notwendigkeit, erfasst werden.

Das Dokumentenmaterial des Internationalen Suchdienstes ist allmählich seit dem Jahre 1946 in Arolsen gesammelt worden. Die Organisationen, deren ursprüngliche Aufgabe das Suchen von vermissten Personen und gleichzeitig das Erfassen von entsprechendem Dokumentenmaterial war, waren das Zentrale Suchbüro der UNRRA in Arolsen, die Zonen Suchstellen und der Kindersuchdienst. Im Jahre 1948 wurden diese Organisationen durch den Internationalen Suchdienst der Internationalen Flüchtlingsorganisation ersetzt, der das Erfassen des Dokumentenmaterials fortsetzte. Im Jahre 1951 wurde diese Organisation durch den Internationalen Suchdienst der Alliierten Hohen Kommission in Deutschland ersetzt, dessen Aufgabe weiterhin die Erfassung von Unterlagen und Einverleibung in die Archive des Internationalen Suchdienstes war. Die Art und Kategorien der Unterlagen des Internationalen Suchdienstes ist aus den Seiten I - IV nachfolgenden Inhaltsverzeichnisses ersichtlich. Das Inhaltsverzeichnis ist in jedem der vier Katalogbände von insgesamt 1464 Seiten enthalten.

Das im Katalog aufgeführte Dokumentenmaterial des Internationalen Suchdienstes stammt aus zahlreichen Quellen. Die von den Armeen der westlichen Alliierten zum grossen Teil beschlagnahmten

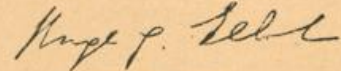

Konzentrationslager-

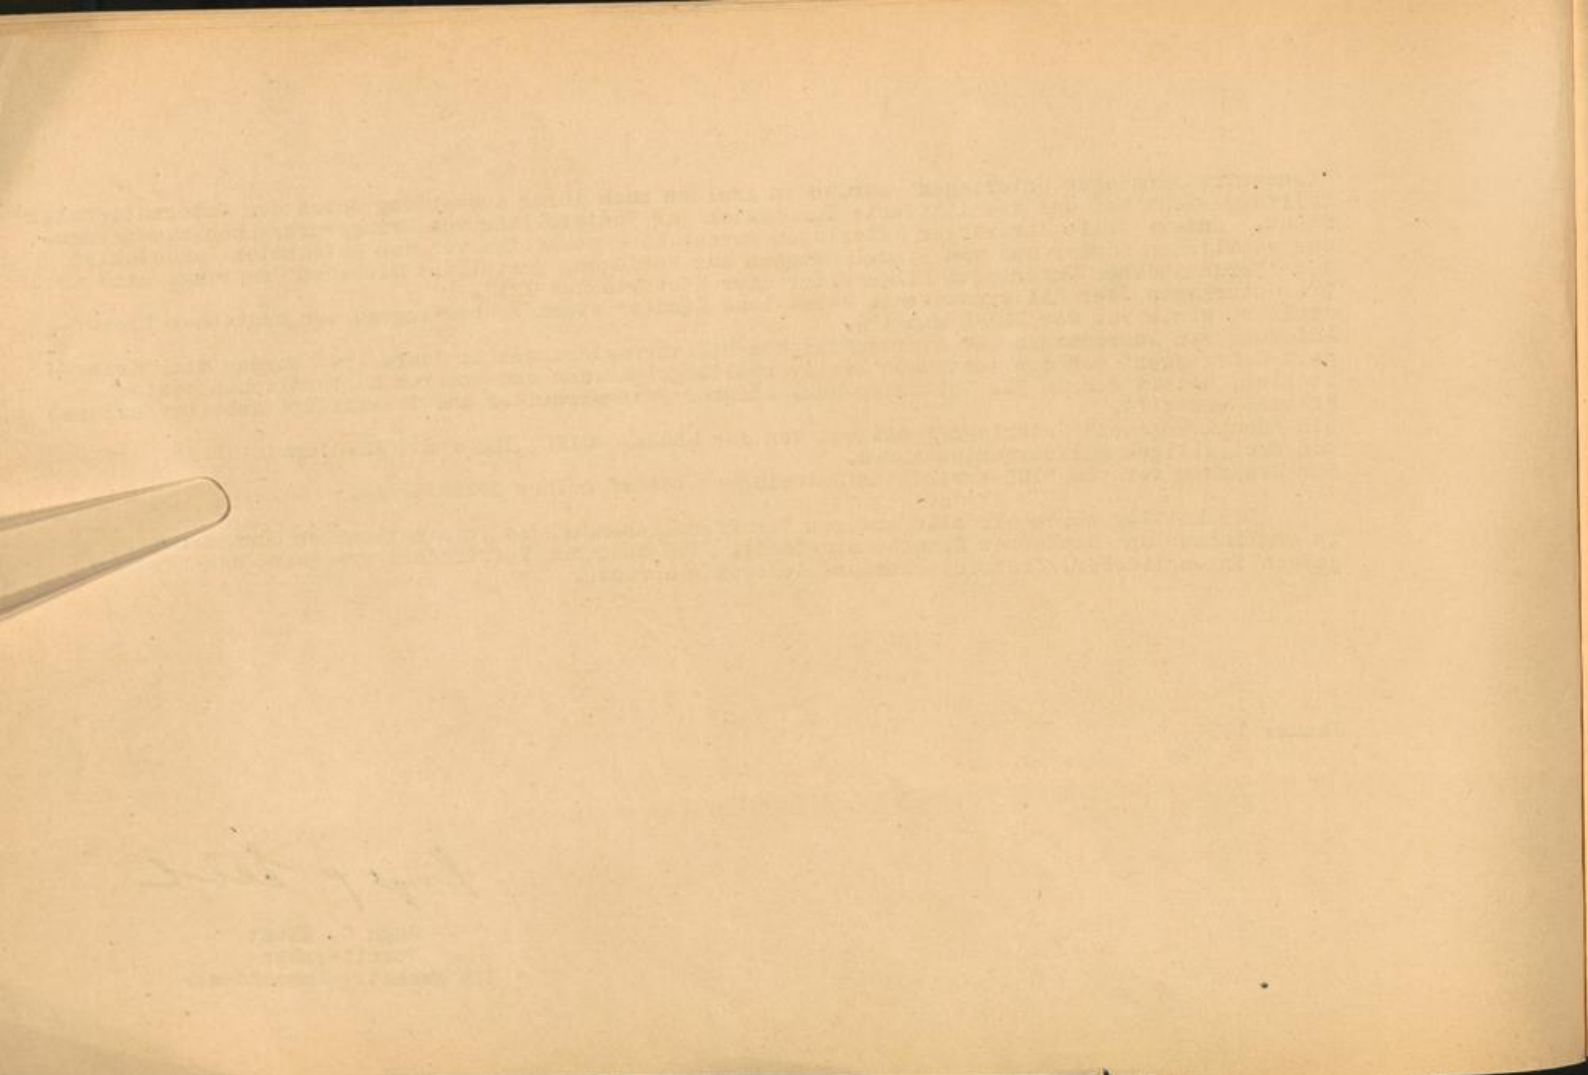

"Konzentrationslager Unterlagen" wurden in Arolsen nach ihrer Auswertung durch den Internationalen Militärgerichtshof und die Alliierte Kommission zur Feststellung von Kriegsverbrechen zusammengefasst. Andere Teile derartiger Unterlagen wurden als Fotokopien von den Nationalen Suchstellen der westlichen Länder und von Einzelpersonen zur Verfügung gestellt. Gleichen Ursprungs sind auch die "Verschiedenen Unterlagen Allgemeiner oder Historischer Art". Die Unterlagen über "Alleinstehende Heimatlose Kinder" stammen überwiegend von deutschen Dienststellen, sowie von der UNRRA und IRO. Aufgrund von Anordnungen der drei westlichen Militärregierungen im Jahre 1946 wurden die "Kriegszeit Unterlagen" von den deutschen Zivilverwaltungsbehörden und anderen halbamtlichen deutschen Stellen, soweit sie im II. Weltkrieg ausländische Zwangsarbeiter und freiwillige Arbeiter erfasst hatten, erstellt. Die "Nachkriegszeit Unterlagen" stammen von der UNRRA, PCIRO, IRO und ICEM-Dienststellen, sowie von freiwilligen Hilfsorganisationen. Der Ursprung der vom "ISD erstellten Unterlagen" bedarf keiner Erläuterung.

Der Katalog wurde wie alle anderen Veröffentlichungen des Internationalen Suchdienstes in englischer und deutscher Sprache abgefasst. Zum besseren Verständnis erscheint das Vorwort jedoch in englischer, französischer und deutscher Sprache.

REFERENCE SHEET ON I.T.S. CURRENT FILES

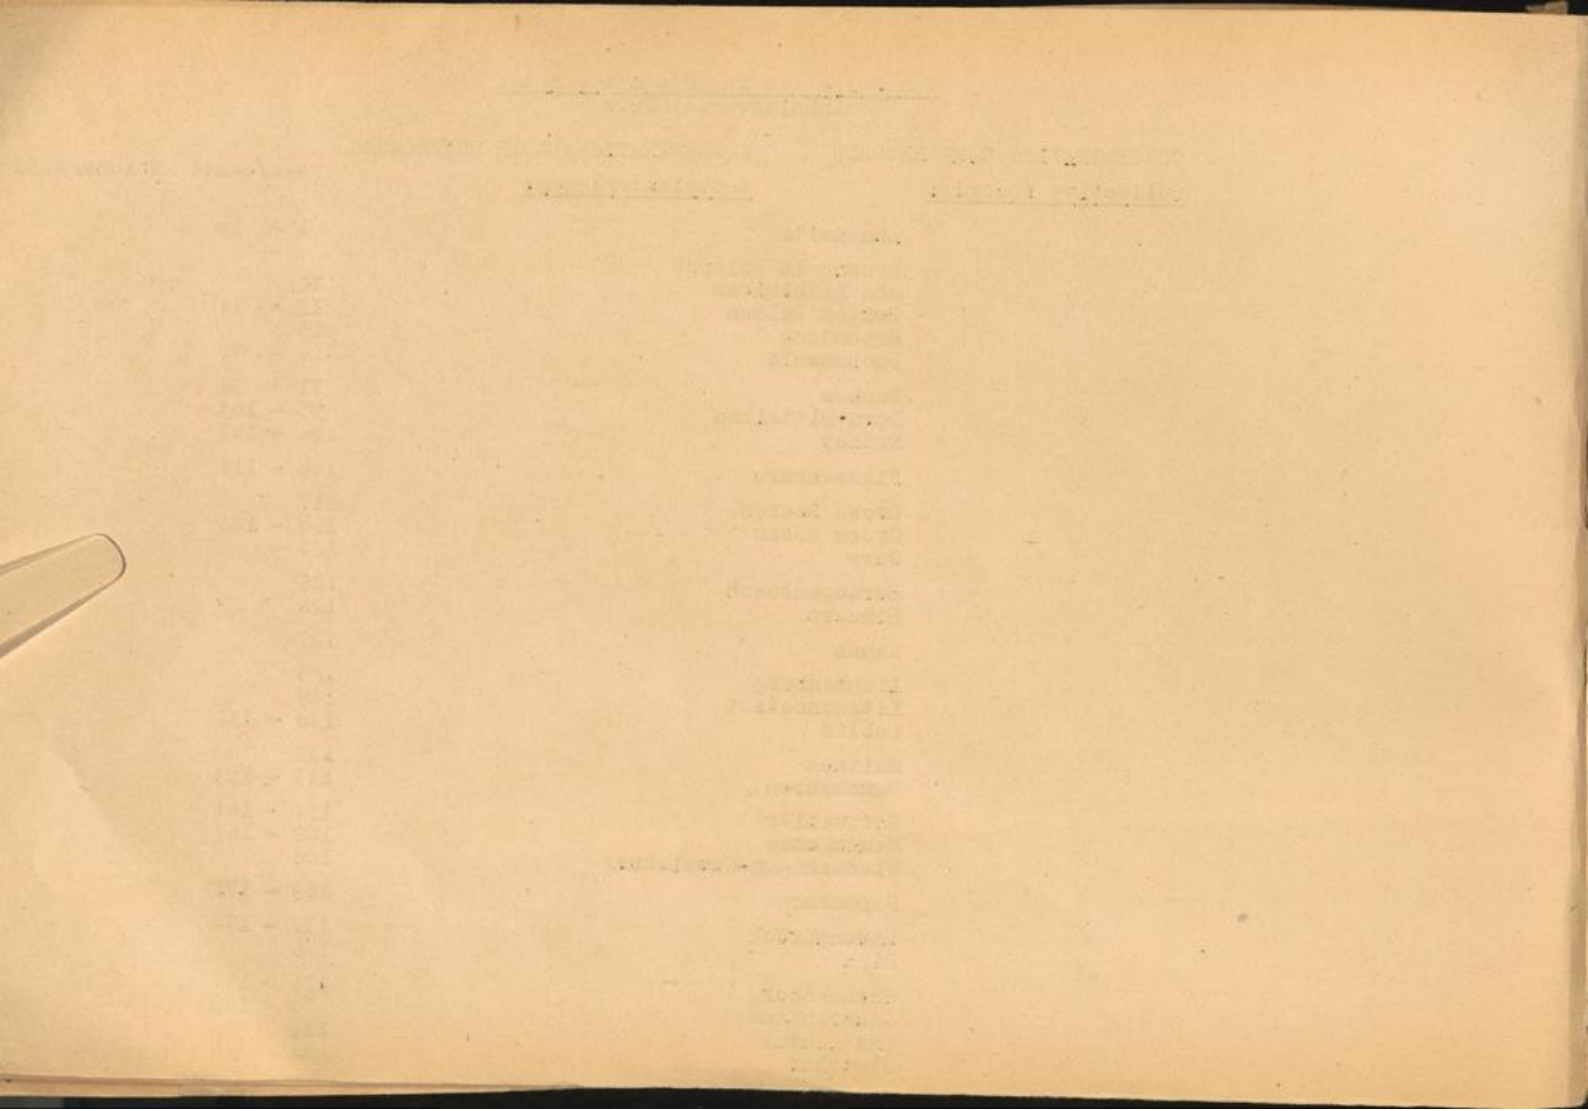

Aside from the above listed records which originated outside the International Tracing Service, the ITS maintains also its own current files which have been built up for reference and operational purposes and are still in the process of growing. They consist of the master index information and inquiry records, the correspondence and case files and catalogues, reports, working aids etc. In view of the fact that the volume of these files will be subject to constant changes pending further I.T.S. operations, the exact data and figures concerning such files have not been included in this catalogue.

Handwritten text at the top of the page, including what appears to be a date and possibly a name or location. The text is faint and difficult to read.

A large table with multiple columns and rows of handwritten entries. The text is very faint and mostly illegible. The table appears to be a list or ledger of some kind, with columns that might represent names, dates, or other categories. A metal paperclip is visible at the bottom center of the page, holding the paper in place.

Handwritten header text at the top of the page, possibly a title or date.

A large table with multiple columns and rows of handwritten text. The text is mirrored across the page, suggesting bleed-through from the reverse side. The table appears to be a ledger or record book with various entries and possibly numerical data.

1. The first part of the document discusses the general principles of the proposed system. It outlines the objectives and the scope of the project, emphasizing the need for a comprehensive approach to the problem at hand.

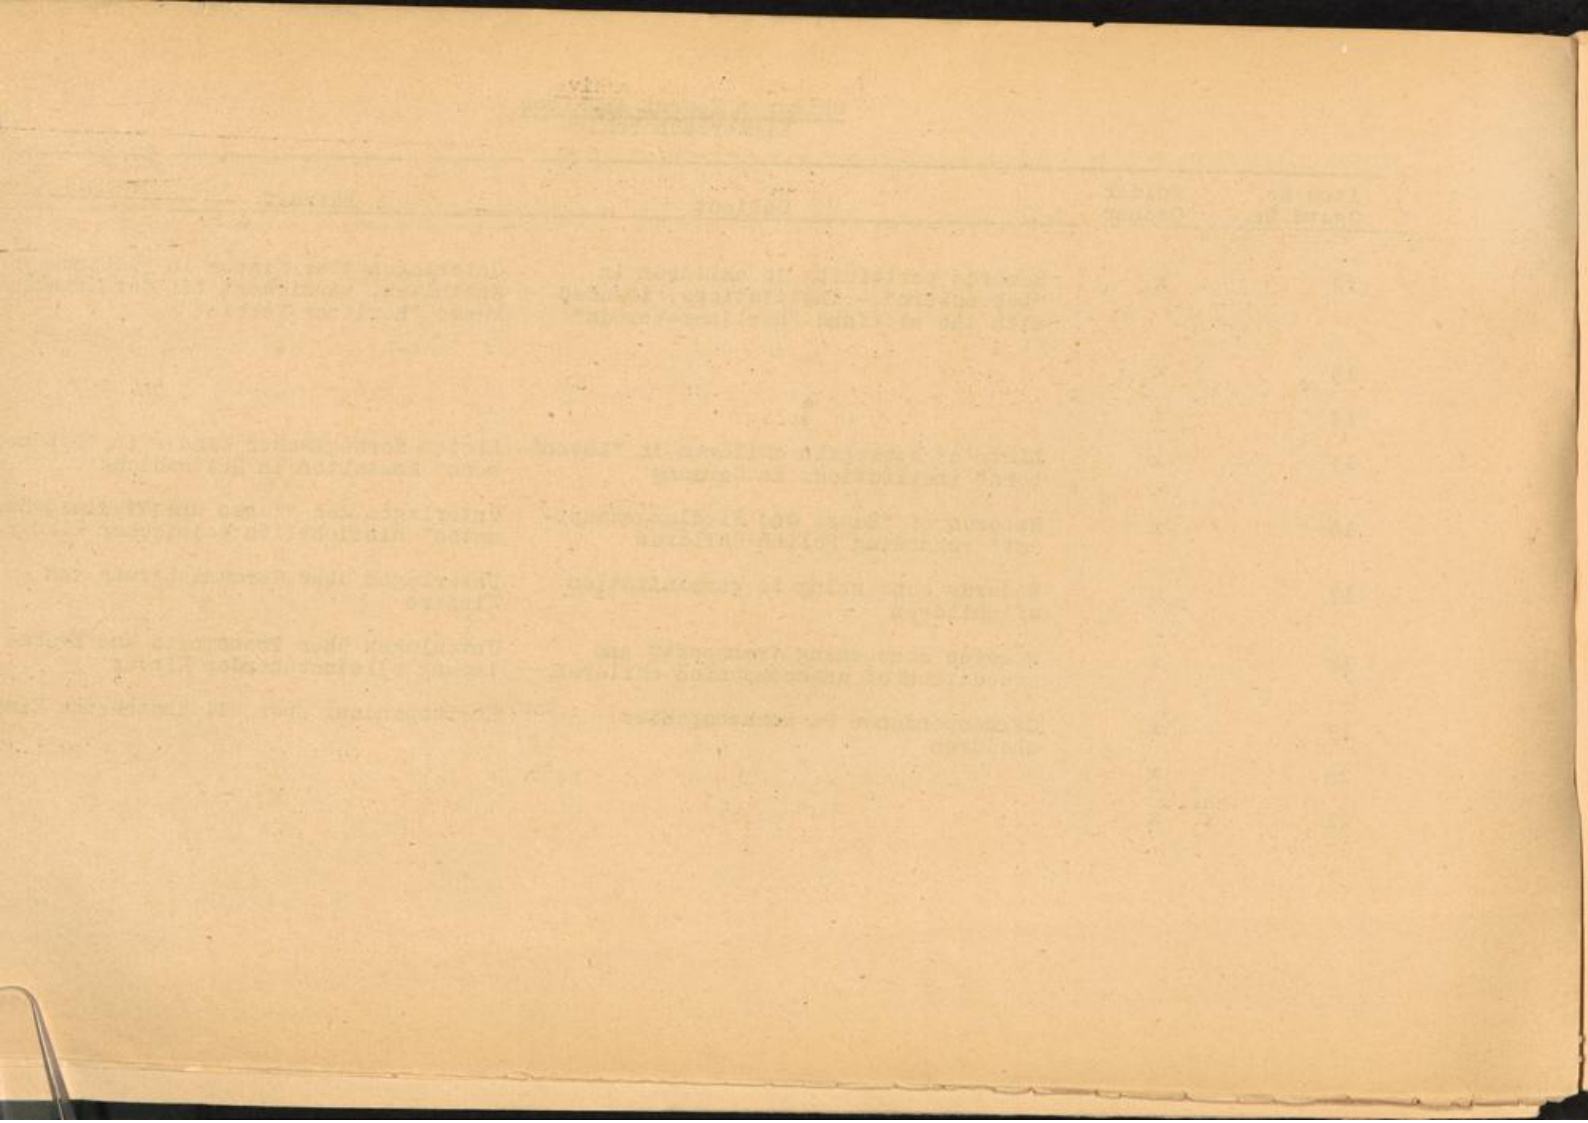

2. The second part of the document details the specific components and the implementation strategy. It provides a clear roadmap for the development and deployment of the system, ensuring that all stakeholders are aligned with the project goals.

3. The third part of the document addresses the potential risks and challenges associated with the proposed system. It offers mitigation strategies and contingency plans to ensure the project's success despite unforeseen circumstances.

4. The final part of the document concludes with a summary of the key findings and recommendations. It reiterates the importance of the proposed system and encourages the necessary support and resources to bring the project to fruition.
