1. The first part of the book is devoted to a general introduction to the subject of the history of the United States. It covers the period from the discovery of the continent to the present time. The author discusses the various theories of the origin of the name "America" and the early explorations of the continent. He also touches upon the early settlements and the growth of the colonies.

2. The second part of the book is a detailed account of the American Revolution. It begins with the first Continental Congress and the Declaration of Independence. The author describes the military campaigns, the Battle of Bunker's Hill, and the final victory at Yorktown. He also discusses the political and social changes that accompanied the Revolution.

3. The third part of the book is a history of the United States from the end of the Revolution to the present time. It covers the period of the Confederation and the early years of the Constitution. The author discusses the growth of the nation, the expansion of territory, and the development of the federal government. He also touches upon the various political parties and the role of the judiciary.

4. The fourth part of the book is a history of the United States from the Civil War to the present time. It begins with the outbreak of the Civil War and the Emancipation Proclamation. The author discusses the military campaigns, the Reconstruction period, and the growth of the United States into a world power. He also touches upon the various political parties and the role of the judiciary.

5. The fifth part of the book is a history of the United States from the present time to the future. It discusses the various theories of the future of the United States and the role of the United States in the world. The author also touches upon the various political parties and the role of the judiciary.
