

INTERNATIONAL TRACING SERVICE

CATALOGUE OF CAMPS AND PRISONS IN GERMANY AND THE OCCUPIED COUNTRIES 1939—1945.
(SUPPLEMENT)

When presenting the Second Volume of the Catalogue of Camps and Prisons in Germany and the Occupied countries, which was issued on March 31, 1950, I indicated to the readers that a certain amount of valuable and interesting information would no doubt continue to be gathered the following months.

It was fully realised then as it is today, that in view of the large number of Concentration Camps, Labour detachments, Ghettos, Prisons, etc. which had been established by the Party in power to control Germans and the nationals of occupied territories and to further the war aims of Germany, in view also of their innumerable ramifications and the extreme complication of their administration, that it would be impossible to find and document each one of these installations correctly.

Although, therefore, the International Tracing Service cannot pretend to have exhausted the subject it feels that it should present to those who received Volumes I and II, this one hundred and twenty eight page supplement which records additional material found since March 1950 and which includes information not yet recorded relating to Jewish Ghettos established in various countries after 1939.
