Dear Sir,

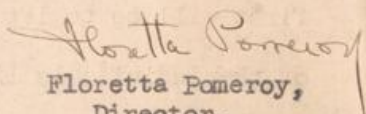

With this letter we are sending you copy No. XVI of a Master List of concentration camp victims, dated 31 March 1947. This list has been compiled from enquiries received in the UNRRA Tracing Bureau for Austria up to 31 March 1947. It is planned to issue monthly supplements, which will contain new enquiries and any additional information that has been secured concerning the enquiries included in the present Master List.

We believe that this list may serve two useful purposes. The first will be to let you know that there are people searching for all of the individuals listed. In the event you are able to secure any information more recent than that which is noted here, you will render a great service if you will forward the information to this Bureau so that it may be passed on to the enquirers. The second purpose served will be the transmission to you, by means of the supplements, of any information which may be secured by this Bureau which, in the event you also hold an enquiry for the same person, may enable you to close pending cases in your files.

Effective 1 June 1947 the work of this Tracing Bureau, including the special activity devoted to securing information concerning concentration camp victims, will be carried on by the Austrian Red Cross National Tracing Bureau, Section C, to be located at Peregringasse 2, Vienna IX. Therefore, any information which you may be able to provide concerning the persons listed in this Master List and subsequent supplements should be forwarded to the Austrian Red Cross. The Austrian Red Cross will welcome

any suggestions which you may like to make concerning the manner in which this list has been prepared and the type of information provided therein. We are all keenly aware of the need for furnishing the enquirers with any possible information concerning the whereabouts or fate of concentration camp victims. Should you have similar lists compiled in your Bureau, the Austrian Red Cross will be glad to receive them and assist in any way possible.

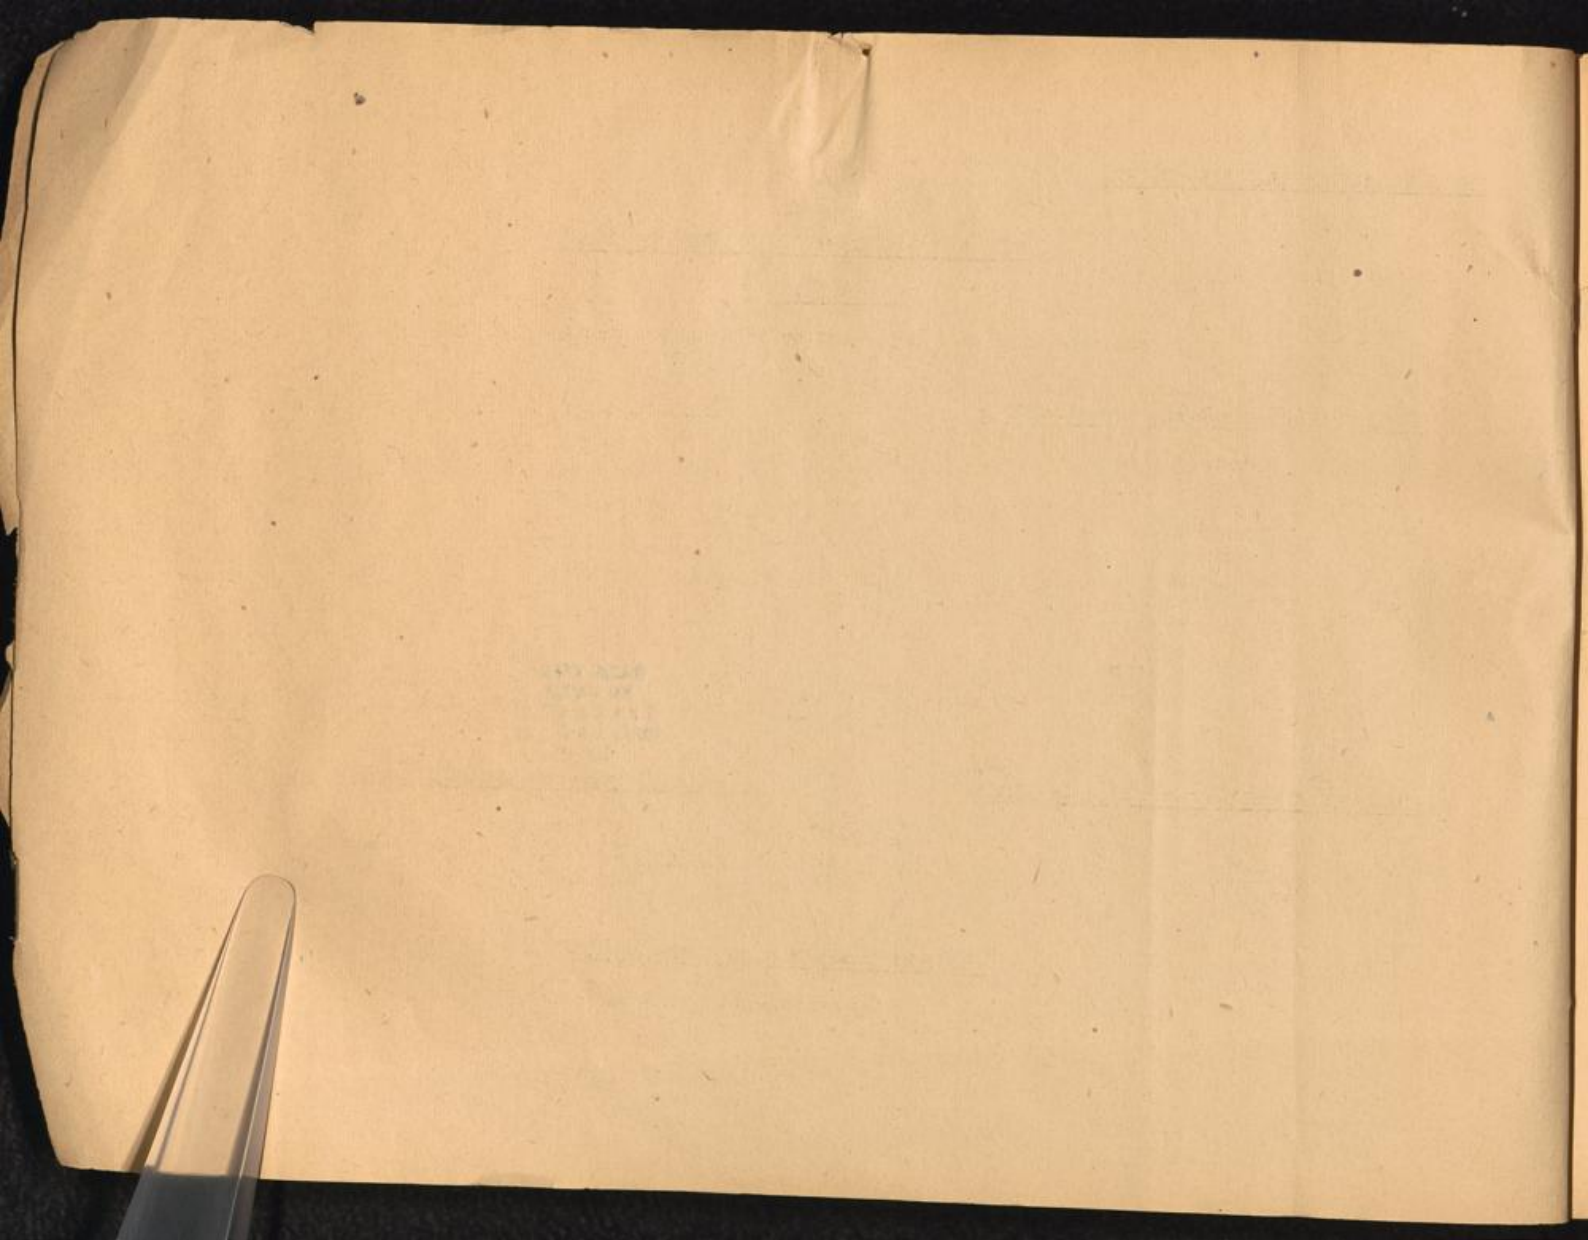

Sincerely yours,

  
Floretta Pomeroy,  
Director.

NATIONAL TRACING BUREAUX ARE ASKED TO CHECK THIS MASTER LIST OF MISSING  
PERSONS AGAINST ANY RECORDS WHICH MAY BE AVAILABLE WHICH MIGHT PROVIDE  
ADDITIONAL INFORMATION CONCERNING THE WHEREABOUTS OR FATE OF THE PERSONS  
SOUGHT.

ANY INFORMATION SECURED SHOULD BE FORWARDED TO: **TRACING BUREAU
