ABBREVIATIONS

Used in column	:	" 3 - order "
H.V.	:	handwritten
H.	:	mimographed
Ph.C.	:	photocopy
T.C.	:	typed copy
T.C.C.	:	typed carbon copy of original documents

Remarks:

It should be noted that "handwritten" documents are original camp records unless otherwise stated. "Mimographed" indicates copies made by IIS or other agencies. "Photocopies" are of original records unless otherwise stated. "T.C.C." means that the copy is a carbon copy made in the camp, whereas a "typed copy" is a copy or compilation made by IIS or another agency.

In remarks, "carded" indicates that information cards compiled from the record have been inserted in the IIS Master Index. It is hoped that eventually all records, with the exception of original camp card indices, will be carded into the Master Index. Records which can be put into alphabetical order for checking purposes will be carded only after all other material has been processed.

REMARKS

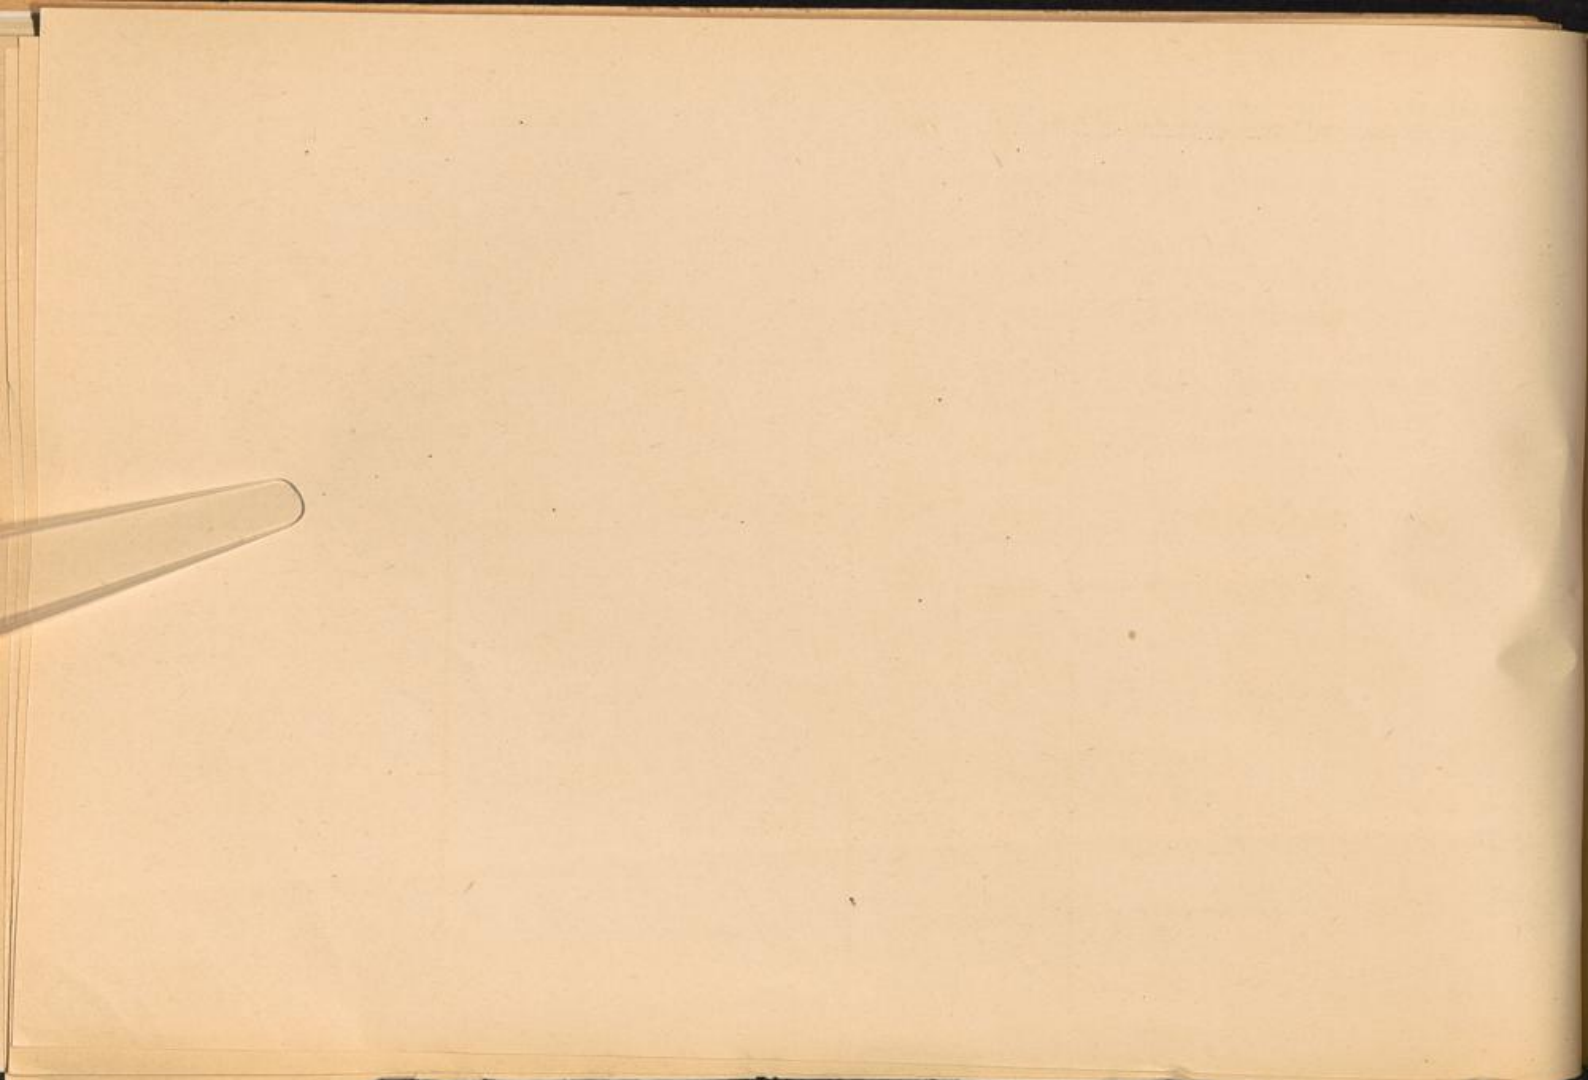

It should be noted that "handwritten" documents are original camp records unless otherwise stated. "Mimeographed" indicates copies made by IES or other agencies. "Photocopies" are of original records unless otherwise stated. "T.C.C." means that the copy is a carbon copy made in the camp, whereas a "typed copy" is a copy or compilation made by IES or another agency.

In remarks, "carded" indicates that information cards compiled from the record have been inserted in the IES Master Index. It is hoped that eventually all records, with the exception of original camp card indices, will be carded into the Master Index. Records which can be put into alphabetical order for checking purposes will be carded only after all other material has been processed.

Remarks

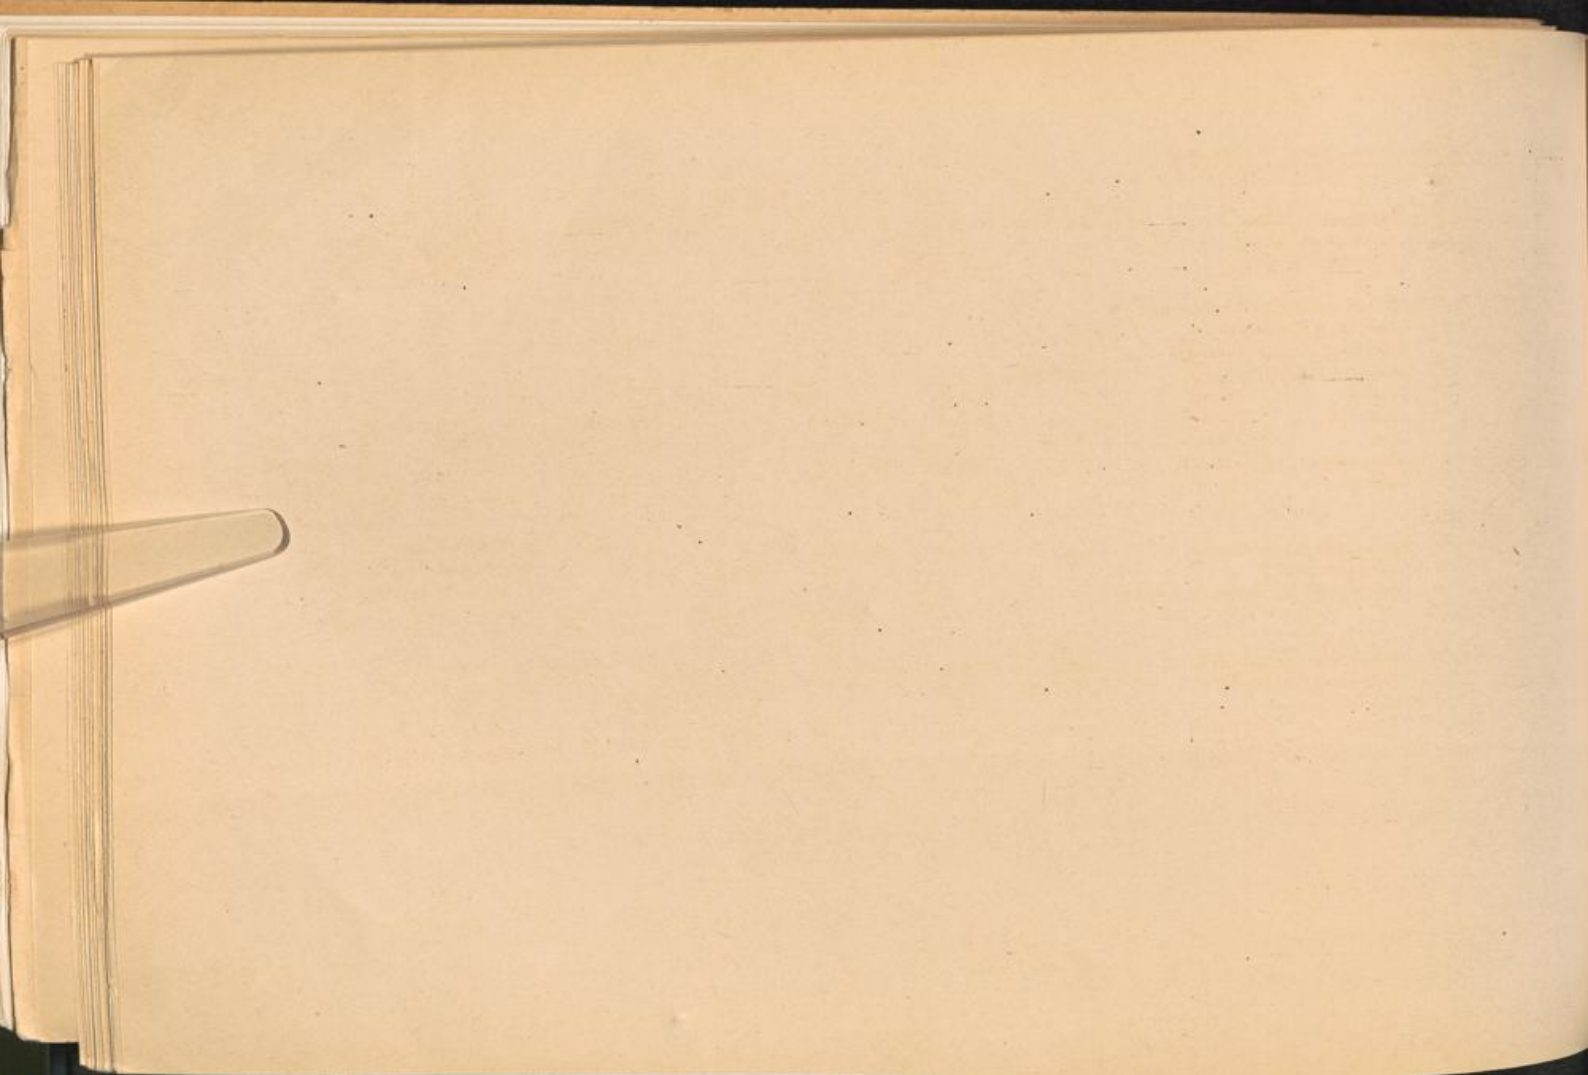

It should be noted that "handwritten" documents are original camp records unless otherwise stated. "mimeographed" indicates copies made by IIS or other agencies. "photocopies" are of original records unless otherwise stated. "T.C.C." means that the copy is a carbon copy made in the camp, whereas a "typed copy" is a copy or compilation made by IIS or another agency.

In remarks, "carded" indicates that information cards compiled from the record have been inserted in the IIS Master Index. It is hoped that eventually all records, with the exception of original camp card indices, will be carded into the Master Index. Records which can be put into alphabetical order for checking purposes will be carded only after all other material has been processed.

ABBREVIATIONS

Used in column : " 3 - order "

H. V. : handwritten
M. : mimeographed
P.C. : photocopy
T.C. : typed copy
T.C.C. : typed carbon copy
of original document.

Remarks:

It should be noted that "handwritten" documents are original camp records unless otherwise stated. "Mimeographed" indicates copies made by IIs or other agencies. "Photocopies" are of original records unless otherwise stated. "T.C.C." means that the copy is a carbon copy made in the camp, whereas a "typed copy" is a copy or compilation made by IIs or another agency.

In remarks, "carded" indicates that information cards compiled from the record have been inserted in the IIs Master Index. It is hoped that eventually all records, with the exception of original camp card indices, will be carded into the Master Index. Records which can be put into alphabetical order for checking purposes will be carded only after all other material has been processed.

T.C.	:	typed copy
T.C.C.	:	typed carbon copy of original documents

Remarks:

It should be noted that "handwritten" documents are original camp records unless otherwise stated. "mimeographed" indicates copies made by IIS or other agencies. "Photocopies" are of original records unless otherwise stated. "T.C.C." means that the copy is a carbon copy made in the camp, whereas a "typed copy" is a copy or compilation made by IIS or another agency.

In remarks, "carded" indicates that information cards compiled from the record have been inserted in the IIS Master Index. It is hoped that eventually all records, with the exception of original camp card indices, will be carded into the Master Index. Records which can be put into alphabetical order for checking purposes will be carded only after all other material has been processed.
